

GIVE BACK, DO GOOD

**MAY, 2025
JOHNSON HEALTH CENTER**

Give Back Do Good is a YMCA of Central Virginia community impact initiative that tackles a critical need each month, supporting nonprofits by providing non-monetary donations to help them achieve their mission.

This month, the YMCA is partnering with Johnson Health Center. Founded in 1998, Johnson Health Center (JHC) is a non-profit, independent, federally qualified health center serving the City of Lynchburg and the counties of Amherst, Appomattox, Bedford, and Campbell. Our mission is to provide affordable and comprehensive healthcare with quality services and strong community partnerships to improve access to healthcare for all. Since 2017, they have increased patient access by 44%. In 2024 alone, Johnson Health Center served more than 28,000 individual patients across nearly 100,000 visits.

Items requested: Diapers and Wipes.

Accepting donations now through May 31st. Drop donations in the bin at any of our YMCA of Central Virginia locations.
